Founded in 1991, Patti Engineering, Inc. is a CSIA Certified Integrator offering high-caliber engineering and software development services. Patti Engineering is a **Siemens Solution Partner**, a **Mitsubishi Authorized Systems Integrator**, and a **FANUC Robotics Authorized Integrator**. Patti has engineered systems with a vast array of other control systems.

*When I think of Patti Engineering, I think of great domain expertise, great knowledge. We really appreciate having them as a complementary partner. --Raj Batra, President, Siemens USA, Digital Factory*

Patti Engineering has it covered with turnkey integration services: From designing and building new automation systems; to upgrading and retrofitting antiquated systems; to the design and implementation of asset tracking, artificial intelligence, and industry 4.0/ IIOT. Our services include project management, electrical engineering, simulation, process improvements, software development, installation support, documentation, and training.

### Technologies and Expertise

We have a wide range of Manufacturing Automation and Intelligence expertise:

- IIoT/Industry 4.0
- PLCs & CNC
- PC Based Controls
- Robotics
- Process Simulation and Improvements
- Manufacturing Execution Systems
- Motion Control
- Asset Tracking
- Vision Systems
- SCADA Systems
- Inventory Control and Warehouse Automation

Experienced, degreed engineers complete all of our engineering, and Licensed Professional Engineers are on staff. Patti Engineering has experience not only in floor level controls but with front office business systems. We measure our success by our clients' success.

### A Sampling of our Clients

Caterpillar	Fanuc Robotics	Johnson & Johnson	Ross Stores
Fiat Chrysler Automobiles	Honda	Men's Wearhouse	Nestlé
Ford	General Motors	National Oilwell Varco	Walmart

### Industry Recognition

Patti Engineering is a member Control Engineering Magazine's System Integrator Hall of Fame for consistent, outstanding performance in all aspects of business operations – including technical competence, business skills and customer satisfaction.

In 2015, Patti Engineering successfully renewed its Control Systems Integrators Association (CSIA) Certification for the fifth consecutive time, which is valid for three years. Known as the gold-seal mark of a professionally managed control system integration business, Patti Engineering's audit score exceeded the benchmark for top CSIA integrators.

*Mitsubishi Electric views Patti Engineering as one of the premier systems integrators... The company and its engineering team brings a wealth of product and application knowledge.*

*-- Mark Werthman, Director of Technical Support Group, Mitsubishi*
